

# Kiiko Style Acupuncture Advanced Clinical Seminar

with Kiiko Matsumoto

August 11-12, 2018

Baltimore/Washington International Airport Area (BWI)

13 NCCAOM CEUs (Pending)

**Registration due Monday, May 7, 2018**

Kiiko Style Acupuncture utilizes a systematic, easy to learn, instantaneous feedback, palpatory method which reveals a comprehensive diagnosis and a patient-unique treatment plan.

By looking deeply into structural and/or constitutional imbalances underlying a patient's symptomatic complaints, a Kiiko Style practitioner is able to successfully solve difficult cases and treat the most complex of possible medical issues.

This style is largely inspired by the work of Japanese acupuncturists Master Nagano, Master Kawai and Kiiko's vast clinical experience.

**The Kiiko Style Acupuncture Advanced Clinical Weekend, August 2018 Seminar** will build on intermediate material to Kiiko's work and will focus on the clinical application of these concepts and principles. It is designed **for practitioners who are currently using Kiiko style acupuncture** and who wish to deepen their knowledge and clinical skills (1) through the study of case histories and clinical demonstrations and (2) through the study of new material from the classics.

All that said, practitioners who wish to meet Kiiko and watch her work as an *introduction* to Kiiko Style Acupuncture are also invited to register for this seminar. However, since Kiiko will be teaching to a group of advanced students, you register with the expectation that you will not be able to fully practice Kiiko Style acupuncture on Monday morning after the seminar. This will simply be an opportunity to meet Kiiko and get a sense of what she does and perhaps decide if you want to study further with her.

**Kiiko Style Acupuncture Advanced Clinical Seminar for Acupuncturists currently using Kiiko Style Acupuncture in their practice. August 11-12, 2018**

**Kiiko Matsumoto** presents advanced interpretation of the classic texts with very practical implications, and exciting clinical demonstrations of the Kiiko Style acupuncture. This Kiiko workshop will help the student who has been studying Kiiko Style acupuncture through seminars and the reading of her books, [Kiiko Matsumoto's Clinical Strategies](#), vol. 1 & 2, to deepen his/her knowledge through her presentation of the wisdom found in esoteric classic texts.

Functional differential diagnosis, treatment planning and correct needling is at the heart of the Kiiko Style Acupuncture.

1. Kiiko Matsumoto will demonstrate this technique and process on live patients presented to the seminar as well as deliver an in depth analysis of the energetics as they show up in the patient.
2. Additionally, this seminar will focus on training the advanced Kiiko Style practitioner to think creatively and efficiently in a clinical setting when applying the large body of differential diagnosis and treatment planning material which makes up Kiiko Style Acupuncture. Through tracking Kiiko's thought process (1) in evaluating the patients, and (2) in building an effective treatment for each patient, the student will learn to refine and improve his/her own evaluation and treatment planning skills.
